

Bio of Chun Xu:

Dr. Chun XU is the head of the Laboratory of Neurobiology of Context and Behavior. He graduated from Xiamen University with a B.S. degree in Biology and received his Ph.D. degree in Neurobiology from the Institute of Neuroscience, Chinese Academy of Sciences in 2009. After completing Ph.D., he conducted postdoctoral research with Dr. Andreas Lüthi in the Friedrich Miescher Institute at Switzerland. Dr. XU joined ION as a Principal Investigator in January 2017. His main goal is to elucidate how the context regulates the behavior and the underlying neurobiological mechanisms.
